

1968 Brabham BT21B #16

Complete race is ready F3 1000cc with original engine/gearbox.
Was originally raced in Sweden during 68 and 69 then stored until I restored it.
The car has never rebuilt to Formula Ford specification or had other modifications.
I have tried to keep it as original as possible. Raced since 2008, just a couple of race weekends a year.

Engine is an original Lucas with all original parts.

Gearbox is a Hewland MK6 with original casting and indication plate.

Original fuel tank filled with foam and two fuel pumps.

Some extra gear ratios and ring gears and pinions.

Original Brabham with wet tyres (old soft compound)

One set of Image wheels with very good dry tyres. (4 races)

The car is located in south of Sweden.

Asking price £36000
